# Assignment 3 – Group L

Initial features implemented:

1. Startup Page, 2. Company Search, 3. Member Login, 4. News Portal, 5. Employee Login

Improvements done in already existing features:

Member Login: During the initial implementation, members had only one proposal name for their company name but according to the initial description given, now the members can propose three names, and instead of directly registering, we added the "proceed to payment" button following initial description requirements.

 Employee Login:

Added Register employee button: An option to register was not given earlier and a functional employee register button is added where an employee can register with his given "employee ID"
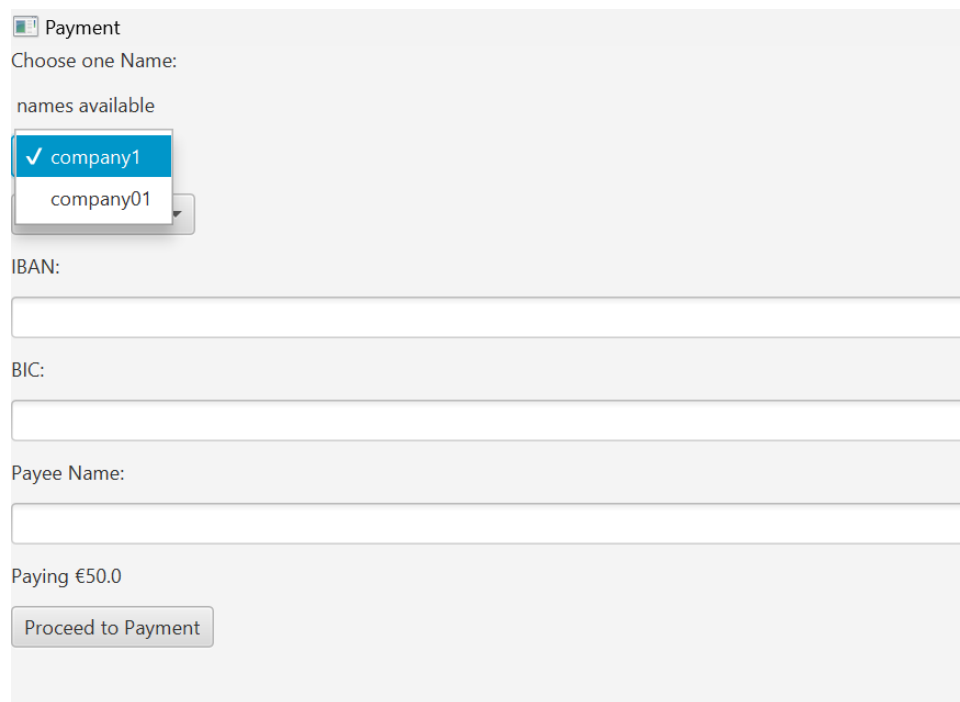

New Features added:

1. Confirmation and Payment:

Filters the list of available company names to ensure only unique names are shown, avoiding any names that already exist in the registered companies list.

Added different payment methods: Sets up the UI for the payment process, including selecting a company name and payment method.

Proceed to payment option does not proceed and make a real payment but displays "Registration successful. Sent for approval"

Member Dashboard Features: We have added functional Query and support, Review, My Queries, and Feedback buttons.

User Details
User ID: user1
Company Name: company1
Phone Number: 1111

News:
1. The stock price is up
2. 5 percent more tax
3. the sun is up
4. dont i love this
5. hello everyone

7. welcome 8

[Query and Support]

[Feedback]

[Review]

[My Queries]

1. Query and Support Section: Here members can post their queries

2. View Previous Queries: Here members can see their past queries and whether they are resolved or not.

**3. Provide Feedback**: We added an option to give feedback to the employee by member
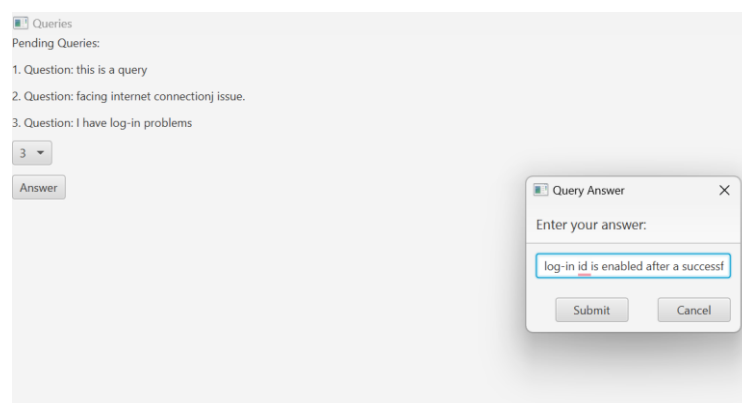

Employee board functionality:
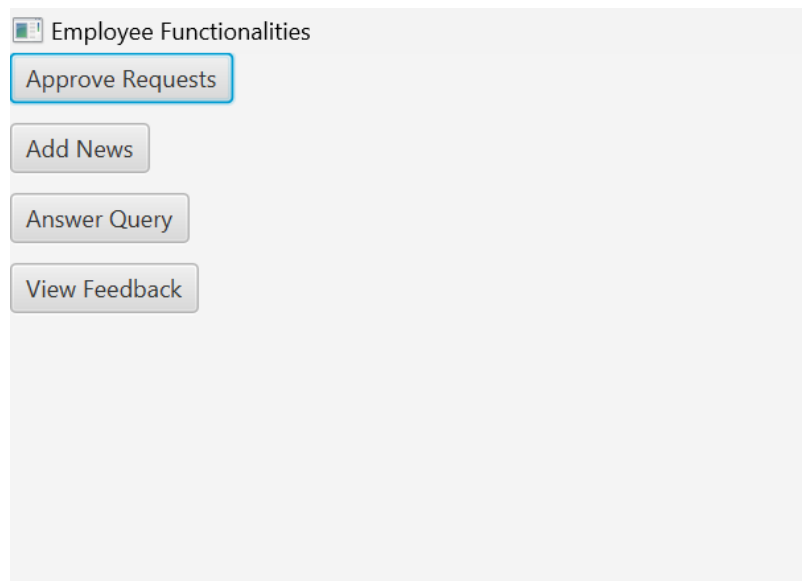

Approving requests: Employees can approve the request after company registration and successful payment.

Answer Queries: Employees can resolve the queries posted by the member

Employees will be able to see the feedback given by the members
